- Pre-Selection Procedure
- Application Period

March 19(Wed), 2025 ~ April 4(Fri), 2025

Online Application

Recruitment Homepage(<https://recruit.kitech.re.kr>)
- Selection Documents(Scaned file upload) :
Certificates such as research/career records
- Precatuions
- Successful applicants for the first round of researchers must apply to the university according to the screening schedule of the desired university by attaching a recommendation form(issuing department : KITECH School Support Office). For details, refer to each graduate school recruitment notice or contact each university admissions office.
 - You must check for any issues that may arise from concluding labor contracts and enrolling in the four major insurance schemes.
 - The application documents will not be returned and the final submission can not be modified. Disadvantages such as misprinting of documents or failure to submit the documents required are the responsibility of the applicants.
